

Powerful 11-Inch Rugged Tablet for Business

Janam's HT2 is an 11-inch rugged tablet built for retail, warehousing, manufacturing, field service, fleet operations and other demanding work environments. Purpose-built to help organizations achieve maximum productivity, HT2 gives mobile workers a large, easy-to-read screen for today's app-heavy workflows, from inventory and orders to inspections and customer records.

HT2 comes standard with 8 GB of memory, 128 GB of storage and an energy-efficient 2.2GHz octa-core processor to run business-critical apps quickly and reliably. Android 15 with Google Mobile Services (upgradable to Android 18) keeps devices secure and current for years. A hot-swappable 8,000mAh battery lets mobile workers change batteries mid-shift without shutting down, while Wi-Fi 6/6E, Bluetooth, NFC and optional 4G LTE with JanamConnect® keep them connected on the floor, in the field or on the road.

Winning Features:

- Brilliant 11-inch Full HD display for complex apps and workflows
- Optional integrated 1D/2D imager with 0° or 45° scan angle
- Hot-swappable 8,000mAh battery for uninterrupted shifts
- 8 GB RAM / 128 GB storage standard
- 2.2GHz octa-core processor
- Android 15 with GMS (upgradable to Android 18)
- Wi-Fi 6E, Bluetooth 5.2 and NFC
- Optional 4G LTE with JanamConnect multi-carrier support
- 20W fast charging and two USB-C ports
- Tested to MIL-STD-810H; sealed to IP65
- Standard 2-year warranty

Scan Without Tilting the Screen

HT2's optional integrated 1D/2D imager is available with a 0° or 45° scan angle, so workers can scan printed and mobile barcodes while keeping the display in view. Front and rear cameras capture proof of delivery, damage and documentation, and built-in NFC reads smart cards and tags.

Connected Wherever Work Happens

Wi-Fi 6/6E delivers faster, less congested connections in busy stores and warehouses. For work outside the four walls, optional 4G LTE with JanamConnect automatically connects to the strongest available signal from AT&T, Verizon, T-Mobile and more than 600 networks worldwide, and switches to the next available carrier if a connection drops.

Built for Daily Wear

HT2 has the slim profile of a consumer tablet with the durability enterprise work requires. Tested to MIL-STD-810H for drops to concrete and sealed to IP65 against dust and water, HT2 holds up to rain, spills, dusty job sites and constant use. A two-year standard warranty keeps repair costs down and protects your investment.
